REALITY

With a wide range of successfully completed projects in the metal industry we have the knowledge and skills required to produce high quality sheet metal products from our Christchurch workshop.

From a sketch, to producing a one off prototype, to completing a production run of over 10,000 components, we'll guide you through your project from start to finish.

Ngai Tahu Cloak on the Christchurch Justice and Emergency Services Precinct

Prometal worked closely with the client to solve design and manufacturing issues ahead of a successful build of the feathers and mounting system.

BNZ Centre, Christchurch CBD.

Soffits, balconies and verandas, BNZ Centre, Christchurch CBD.

Punched folded and finished panels by Prometal.
